

Luther Seminary EndNote Licensing Terms and Agreement

By installing EndNote on your personal computer you agree to the following:

- If I end my Luther Seminary student status, graduate from Luther Seminary, or the contract for EndNote is terminated, I will uninstall the EndNote program from my computer and discontinue its use.
- I will not share this software with anyone else.

To Install EndNote on a PC:

- **Download** the Zip folder containing the install files from <https://resources.luthersem.edu/endnote/>
- Choose a convenient place to **Save** the folder. We recommend your desktop.
- Once the folder is saved, go to the location where you saved it and **double click** to open.
- **Extract** the files (This is very important for PC users).

- **Double click** the item called ENX7Inst.msi.
A step-by-step EndNote Install wizard will guide you through the install process. Follow the prompts to successfully install the software.

Adding Output Style and Connection Files:

Be sure to add the Luther Seminary Output style and some Connection files.

- Double click the folder Styles_to_add
- Double click Chicago 16th A_latest_date.ens. It will open in EndNote. Go to File> Save as. This will save the file in the correct location.
- You can do the same thing for the Chicago 16th A_Annotated_latest_date.ens if you plan to create numerous annotated bibliographies.
- Double click the folder Connections_to_add
- These connection files allow you to search several databases from within EndNote. Double click each one you would like to save. It will open in EndNote.
- Go to File > Save as. This will save the file in the correct location.
